Dear Parents and Friends:

This is the era of Satellites, Sputniks, and Astronauts. It is a period of high soaring. But, with all this, we must not forget that man MUST keep his *feet on the ground*. By this, I mean, there are certain fundamental principles which we cannot forget.

Among the important ones, the most important is our reason for existence on earth—TO RAISE OURSELVES TO GOD. All created beings—persons, places, and things—are for our use. These must be used as stepping stones to God. A failure in this would be worse than a failure of our "moon-shot" There can be other occasions for a "moon-shot", but only ONE to get to God.

Your son has been taught these fundamental principles. Just how well he will follow them is not known. However, with your help and good example, these will become living aids. Without this—your help and good example—unless he has built himself into a strong character, he will have a hard time living up to these principles.

Parents and friends, give your son a way to follow — YOUR GOOD EXAMPLE. You will be highly pleased with the outcome.

We owe a debt of gratitude to our parents and friends. We take this means to offer our hearty thanks to you for the many services you have given us during the past year. Our sincere prayer will be that God's choicest blessings be bestowed on you and your loved ones.

MAY GOD BLESS YOU.

Dear Seniors,

Many words will be spoken to you on the occasion of your graduation; yet none will mean more to you now or in later life than the *Ametur Cor Jesu*, "Loved be the Heart of Jesus" that you have become accustomed to place at the head of every lesson, test, and home assignment.

After the activities of these few but glorious days become memories of the past, you will still have your A.C.J., your *Ametur Cor Jesu* to carry you through the trials of adult life in a world bent on making you forget your Catholic education, your moral duties — yes, even your God. And the companion response *Ametur Cor Mariae*, "Loved be the Heart of Mary," is the very proper support which you will need in moments of doubt and temptation.

Associate always each endeavor of your entire life with these two thoughts; and no matter how joyous or sad, how hopeful or hopeless, how successful or failing the events of your career may be, you can be sure that when your work, your recreation, your plans rest in the Heart of Jesus, supported by the intercession of the Immaculate Heart of Mary, you will succeed in that all-important work— the salvation of your immortal soul.

Instead of the traditional *Ave atque vale*, let me wish you an *Ametur Cor Jesu* and prayerfully hope that your response will ever be a fervent *Ametur Cor Mariae*.
